The way from the train station Winterthur Wülflingen to us: [map](#) [3]

Description:

By train:

From Zurich City or the airport Zurich Kloten: Take the train to Winterthur.

From train station Winterthur take train S41 on track 9 (direction Bülach). It'll take six minutes. Or take the bus no. 7 (direction "Wülflingen Bahnhof"; this bus takes 4 times longer than the train!) to train-station "Winterthur Wülflingen". From there continue in the same direction as the train alongside the rails until the end of the path (at the crossing).

On the left side you can already see the Swissveg building (last building before the forest). From the train station it is about 770 m in total.

Attention: Do not take the bus no. 2 (direction "Wülflingen" instead of "Wülflingen Bahnhof").

By car:

From high way Winterthur Wülflingen:

Follow the signs: Wülflingen / Klinik Schlosstal / Industriezone Niederfeld (on Wieshofstrasse, then "In der Euelwies"). At the end of the street you see the Swissveg-Building on the left.
